Responsibility

The Board of Trustees is responsible for approval and/or revision of this policy. The Director has the delegated authority to approve or disapprove Purchase Requisitions or Purchase Orders according to the guidelines outlined below. Both the Director and Managers will be responsible for obtaining bids and quotations, following the guidelines below. The Director and Managers must check all expenditures against the budgeted line item amounts and balances remaining to avoid cost overruns. The Director, with the Bookkeeper, will be responsible for handling all purchasing procedures.

All bids will be a matter of public record. The Board of Directors reserves the right to reject any or all bids prior to purchase, according to the best interests of the District.

Purchasing Process

The following process will apply to purchases and service contracts designated for the BRLD. At no time is it acceptable to divide a purchase or manipulate delivery of a purchase in a way that circumvents the intent of this purchasing policy. For quantity purchases and frequently used vendors, a vendor list should be kept and

discount information should routinely be requested. Purchase Requisitions and Purchase Orders will be used to obtain all Library equipment, furniture and supplies.

Purchase Requisitions are requests by employees for materials needed to do their jobs. The Manager will fill out a form, including quotes if applicable, and deliver it to the Director. The requisition will allow Director and Manager to track purchasing history over time, to keep spending within budget parameters and to see if volume discounts would apply. Purchase Requisitions are internal documents and do not go to the vendor.

Purchase Orders are documents prepared by the buyer (Manager), and sent to the vendor. The completed form contains the item description, budget number, quantity, and agreed-upon price from the vendor. Approval from the Director in the form of a signature must be granted prior to placing the order. The Purchase Order will provide a check on the managers ordering items and on the budgets they oversee. They are also documentation of what was ordered in case incorrect numbers/types of supplies or defective items or are shipped. Equipment and furniture purchases can be tied into the Library's depreciation schedule.

The Board of Trustees reserves the right to reject any or all bids and to accept the bid that appears to be in the best interests of the district. All bids are a matter of public record.

Service Contracts

A service contract consists of an agreement between the service vendor and Library for the former to provide specified services integral to maintaining the Library. Contract provisions will include showing proof of contracting party's carrying Workmen's Compensation coverage, a clause holding the Library harmless for damages or injuries resulting from provision of services, and a Contractor's Certification of Compliance (where applicable). The contractor must also agree to provide monthly, itemized bills for services so that expenses can be tracked along the course of the year.

The Library may not enter into contracts for periods more than one calendar year. Contracts of a greater term may be permitted if the contract results in an overall savings to the Library and such multi-year contracts would include an annual "opt out"/cancellation provision in the event the necessary funds were not budgeted in succeeding fiscal years.

All contracts entered in compliance with this policy will be reviewed ninety (90) days prior to termination or renewal for the purpose of determining acceptable performance, financial considerations, competition, and other factors that would inform a decision to continue the contractual relationship.

All contracts for the upcoming year will be in place prior to year's end.
